

## Christmas Team Update

Greetings from Romania!

The team has been very busy since arriving Saturday night. We got up Sunday morning and began to sort donations and put together our gift packages. We also went out to buy 85 pairs of children's boots to be given to the orphans at Ilisua on Tuesday. Then we went to an elderly care center where we visited with some very lonely "shut ins"... This morning (Monday), we went to a special needs school and did some program with about 50 children. We also gave out some gifts which were donated by friends and Muskoka Woods. The pictures are from this school. In the afternoon we went to the Prichindel Orphanage where we did more of the same with the orphans there. At all 3 places, Santa Claus was the big hit! It was so wonderful to see the absolute delight on the faces everyone, young and old, including the workers as well!!! Tuesday we are off on the train to Ilisua, Beclean, and Figa, where we will try to bless over 200 more orphans and underprivileged children. I will try to post another blog on Thursday night before we come home.... Thank-you for thinking of us....

Bob
